Custom Gazebos

You may customize your Gazebo by choosing from a variety of sizes and options such as screens, benches, decorative turned spindles, or the beautiful double roof for a more elegant look. We also offer heavyweight fiberglass architectural shingles to match existing buildings.

For extra beauty and protection, you may choose from one of our optional finishes. We offer a high-quality clear stain and a high quality latex paint, which is available in both white and cream colors. Our gazebos can also be stained any color with our high-quality stain options.

Options

Double Roof

The double roof option adds a second roof for a beautiful Victorian look. It also allows for better ventilation with its open air space between the two.

Spindles

The spindle option replaces all the straight rails and posts with lathe-turned spindles.

Benches

The bench option adds seating all the way around the inside of the gazebo. The benches are fastened to the floor and posts. This is an excellent option for public gazebos.

Aluminum Screen

The aluminum screen option is a great way to eliminate insects from your outdoor gazebo experience. The screens come in individual screen panels that are secured to each post and easily removable for cleaning or repair.

Painted Screen Frame

The painted screen frame option is available to match your screen frames to a painted gazebo.

Screen Floor

The screen floor is a wonderful option to keep bugs from crawling up between the boards of the floor and invading your gazebo.

Painted Gazebo

The painted option adds a tough, latex, elastic paint to protect your gazebo from the elements with much maintenance.

On-Site Assembly

The on-site assembly option is mandatory on the 16', 20' and 26' gazebos, but also available on smaller gazebos.

Delivery

At Hardy Lawn Furniture, we are able to deliver our high quality, Amish built gazebos throughout the upper-Midwest. We have delivered gazebos to Iowa, Illinois, Missouri, Nebraska, Minnesota, and Wisconsin.
